

I have been informed that the FCC is proposing to expand the LPFM service that may take priority over the current FM services that now carries my K-LOVE radio station. This radio station is a lifeline to my community. By carrier the voices that proclaim the gospel of Jesus Christ it gives me a choice to hear encouraging music, news and other issues that are a concern to me. This radio station gives us a choice not to listen to the other garbage that is now allowed to play on the radio. Since this is the only radio station my family listens to it would really be discouraging to us if it is forced off the air with this proposed Mow Power FM broadcast service. I urge you to really consider to not allow this to happen. K-LOVE radio is really important to getting the truth to not just our community but to this nation and the world. It would be tragic if we could only listen to drug, sex and violence. Please leave K-LOVE on the FM Air.

Sincerely,  
Celia Beadle
